PROFESSIONAL SUMMARY

Delivered 15,000+ large-format print jobs over 2 years with a 15% reduction in reprints. Results-driven Graphic Prepress Specialist & Digital Large-Format Print Operator with 3+ years of hands-on experience in high-volume commercial and large-format digital print production. Proven expertise in colour profiling, RIP software workflows, and wide-format machinery operation. Adept at supervising production teams, managing 30+ daily jobs, and consistently meeting tight client deadlines. Backed by an earlier VFX and video editing career that sharpens every visual decision.

PROFESSIONAL EXPERIENCE

Perfect Digital Solutions Pvt Ltd | Malé, Maldives

Jan 2024 – Present

Graphic Prepress Specialist & Digital Large-Format Print Operator

- Managed 30+ large-format print jobs per day (banners, PVC vinyl, canvas, DTF, UV) while consistently meeting client deadlines.
- Reduced reprints by 15% through systematic ICC colour calibration and rigorous file preflight (CMYK, bleed, crop marks).
- Operated and maintained Galaxy canvas printers (up to 10 ft), Roland wide-format vinyl printers (up to 5 ft), Mimaki vinyl plotters, and UV DTF machines.
- Configured and operated RIP software (MainTOP, VersaWorks, RDWorks); performed ICC profiling and Pantone matching for brand-accurate output.
- Diagnosed and resolved printing faults including banding, media misalignment, and head-clogging, minimising machine downtime.
- Supervised and coordinated a team of up to 4 production staff during peak periods, allocating tasks to meet delivery schedules.
- Collaborated closely with sales and client service teams to manage client proofing and approval workflows.

Knowledge Books N Trade Centre | Malé, Maldives

2023 – 2024

Graphic Designer – Laser & Ink Print Production

- Designed and produced a wide range of commercial print materials: business cards, brochures, booklets, flyers, posters, letterheads, stickers, and company profiles.
- Operated Toshiba multi-function laser production printers for short-run and high-volume commercial jobs.
- Prepared fully print-ready files (CMYK, bleed, crop marks, imposition), ensuring accurate colour reproduction and minimal errors.
- Managed finishing processes including cutting, folding, laminating, saddle stitching, and perfect binding.
- Handled multiple concurrent print orders daily while maintaining quality standards and on-time delivery rates.

VFX Editor

- Delivered post-production VFX for 50+ feature films, collaborating with directors and production teams from brief to final delivery.
- Developed strong visual storytelling, compositing, and colour-grading skills directly applicable to high-quality print and brand design.

Video Editor

- Produced corporate video presentations and short-form social media content for digital advertising platforms.
